COMMUNITY HEALTH CENTER

35th Annual **PROFILES OF SUCCESS**

Arizona's Night to Celebrate Our Community

Profiles of Success, Valle del Sol's premier annual event where Arizona comes together to honor Latino excellence, celebrate shared progress, and recognize the leaders whose work often goes unnoticed.

At its core, Profiles of Success is about celebrating the educators, advocates, healthcare workers, and community champions who strengthen Arizona every day. These leaders show up year after year, transforming lives and shaping our state through dedication and service. Their impact reaches every corner of Arizona. We love to showcase it.

Anyone in Arizona can submit a nomination for Profiles by sharing the story of someone whose work transformed lives in their community. Our winners come from every corner of the state and every sector where Latino excellence drives progress. This includes leaders, changemakers, and more across education, healthcare, business, advocacy and community service. This cross-sector recognition matters. When people see Latino leaders excelling in every field, they see the full truth of our contributions to Arizona. These aren't isolated success stories—this is the everyday reality of Latino excellence, building our state.

Join us in celebrating Arizona's leaders with a special night of recognition. We're always looking for nominations, sponsors, and attendees for the big night!
